Cover Letter

Apply For Position:

As you will see in detail in my CV, I have been working with several institutes before. I found out that I am utterly compatible and fair for the current job announced by your good organization and I am sure if given the chance for interview, I will prove the before - mentioned stated you.

On the other hand, having had profound study of the philanthropic functions of your good organization in Afghanistan, it has been a stout feeling in me to join your reputed outfit for more learning and broadening my skills and experience in the related field in the challenging environment with the concerned field specialist and through this I would be able to better serve my country and people.

Sincerely

Niamatullah Sadiq
